Friday	3:30 – 4:20pm	Arts and Crafts	Verity	Free Booking via the school's Microsoft Form

We are delighted to share with you the Extracurricular Timetable at Mulberry Wood Wharf.

The clubs have limited spaces due to adult/child ratio requirements relating to the age group. If the clubs become oversubscribed, we will ensure there is a fair allocation of places in the clubs on offer. We will review the clubs and we will consider adding new ones depending on demand.

There is a small charge for some classes where we use an external company, which should be paid directly to the company and not the school.

To book the 'Connect with yourself first' sessions please book via the email:
connectwithyourselffirst@gmail.com

To book the school-led sessions please complete the Microsoft Form that we will be sending out before the end of today. If your child is given a place in a school-led club, this place will be for half term. If your child misses the club for two sessions, this place will be allocated to another child (unless there are special circumstances).

We appreciate your feedback and if there are any extracurricular clubs you would like us to offer in the future, please let the admin team know. We will do our best to accommodate the children's interests.

Extracurricular Clubs will commence the week beginning the 18th of September 2023.

STEM Club- an introduction to coding: children will develop their engineering and coding skills through play-based learning using resources such as Lego, marble runs and kinetic sand.

Arts and Crafts Club - a combination of drawing, painting, box modelling and sewing, tapping into the children's creative skills. The club will develop skills and work on mini projects.

Singing Club - a safe space for children to express themselves through performance and singing. We hope that this will be the start of the Mulberry Wood Wharf Choir. Songs will develop children's understanding of tone, pitch, volume and beats. They will also learn how they can move their body freely to music.

Drama Club - an opportunity for children to express themselves through drama. A selection of age-appropriate drama games building their confidence to perform in front of others.

Board Game Club – a place to learn strategic play, resilience, turn-taking, sustained concentration and the understanding the concept of winning and losing in a safe space – as well as having lots of fun. We will use large scale traditional board games.

Football Club – A trained football coach will support children to develop their ball skills as well as their spatial awareness and team skills.
